FOR IMMEDIATE RELEASE

bit-x-bit and solutions4networks awarded three-year contract with Allegheny County for network security and data forensics

PITTSBURGH, February 5, 2015—bit-x-bit and solutions4networks are pleased to announce that they were selected by Allegheny County to provide network security and data forensic services to the County under a three-year contract awarded to solutions4networks.

“Our office and many of our clients are in Pittsburgh, which allows us an immediate response to requests or emergencies from the county, and we feel that our approach of using two women-owned businesses reflects the County’s directive for diversity and support of WBE/NWBOC certified businesses for this project,” said Michele McGough, CEO and President of solutions4networks.

“Having worked with the County in the past on electronic evidence issues, we are very pleased to collaborate with solutions4networks under this new contract to provide the County with the best digital forensic investigation and e-discovery services. We look forward to working with the County and its legal department,” remarked Susan Ardisson, CEO and President of bit-x-bit, LLC.

Under the contract, bit-x-bit will assist the County in all aspects associated with electronic discovery and forensic investigations, including the collection, preservation, search and review of electronic evidence relevant current and future litigation matters.

In 2013, bit-x-bit and solutions4networks formed a strategic alliance to provide network security, forensic investigation and incident response services. Solutions4networks is the region’s leading network and IT infrastructure consulting firm. Founded in 2007 and exclusively endorsed by the Allegheny County Bar Association since 2008, bit-x-bit is a computer forensics, data loss prevention and e-discovery consulting firm providing expert technical services to law firms and companies of all sizes, including the AMLAW 100. Additionally, bit-x-bit is certified by the National Women Business Owners Corporation.
